

SCORETRONICS

Sponsor Advertising

ScoreTronics portable scoreboards are available with an optional sponsor panel. The panel holds an ad sign that is the full width of the scoreboard and nearly half the height of the scoreboard.

The sponsor panel flips down for compact storage but must be raised and displayed when the scoreboard is in use.

Because the unit is taken down at the end of the day, scoreboard advertising is often possible even where permanent advertising is not allowed.

A scoreboard ad is the most seen advertising on the field. It is a great way to increase your visibility in the community as well as support your youth and amateur teams.
